

## 2009 - 2010 Introductory Communication

Welcome new and returning players to our 11<sup>th</sup> season!

Within the CPSHL, our mission is to provide a competitive, respectful, non-body checking hockey environment for players 35 years of age and older. In order to promote this mission, we would like to highlight to all players several provisions within the Code of Discipline and League bylaws:

1. All league player registration fees are due in full October 15, 2009. Any player whose registration fees are not paid by this date will result in the suspension of playing privileges until such time as the fees are paid. There will be NO exceptions.
2. The league employs a graduated threshold system for penalty calls, where once a player has accumulated penalties in excess of a pre-determined threshold, a suspension is assessed. *We have changed the method by which these thresholds are calculated this year. These changes are documented in the league's code of discipline.*
3. We strongly recommend that you review the league bylaws and code of discipline . The league bylaws and the code of discipline are available on the league website at <http://www.cpschl.ca>

Finally, we remind you that our current use of dressing rooms has been lenient and to maintain this privilege please keep the door locked when appropriate, clean the room of any inappropriate waste, and clear the rooms in a timely fashion (within 30 minutes of coming off the ice).

Have a great season.

The Executive
